

Dear CFC Family,

The purpose of this letter is to keep you informed on how Covenant Fellowship Church is addressing the coronavirus (COVID-19) concerns. As with any difficult situation, we want to be wise as we put our trust in the Lord.

The Pastoral Leadership Team has created an action plan to protect our congregation as we continue to monitor COVID-19 very closely. We ask that you follow these guidelines for everyone's safety. If you are elderly or pregnant and/or you have young children in your family, please take higher precautions.

Please note that the response levels outlined below were formulated based on guidelines from the Centers for Disease Control and Prevention (CDC) and with consultation from other churches similar to our size and demographics. For your safety, please take time to read and follow the CDC's guidance and safety protocols (i.e., washing your hands, social distancing, etc.; <https://www.cdc.gov/>).

We will follow the guidelines given by the CDC and our national, state, and local governments. Additionally, as we have various services on campus and in several church buildings, we will comply with their protocol and will communicate any warnings and closures.

Lastly, we will share any change in response level through our small groups, website, and social media accounts.

Please be gracious and non-judgmental towards one another as our church attendance and involvement may vary during this season. We thank you as you cooperate with us with your wisdom, prayer, and love.

Level	Active	Cancelled	Note
Level 1	All worship services, prayer meetings and small group gatherings		For those who are sick, please remain home until your conditions have improved, following the protocols as listed via the CDC .
